

EASTER

hopetown at home

Easter @ Home

We are in a new season of life and learning new family rhythms. Parents, grandparents and care givers, you are doing excellent, you really are! Our hope is that Holy Week has a deep significance for your family this year. We have created Easter @ Home Boxes for your family to connect with God and with one another. Set aside a specific time each day when your family will share in the box. It might be at the end of the school/work day, after dinner or whatever time works best for your family. We love you and are praying daily for you.

What is Holy Week?

As followers of Jesus, Holy Week is a time when we remember, honor and celebrate what Jesus did and the words He spoke throughout the week . It's important for all of us to know that everything that happened was a part of God's big story. Some parts of the story cause us to smile and be filled with joy while other parts cause us to be sad and at some parts we just say, "Wow, this is amazing love."

This week with your family you'll read some Bible verses, talk about what Jesus did and pray together.

*If you have a child in PRESCHOOL they received sticker scenes that tells about Holy Week. Explain each part of the Holy Week story on the craft as they create it with stickers. Display their art project in a special place in your home.

*If you have a child in ELEMENTARY they received a poster in their box. This poster can be completed on Palm Sunday or throughout the week. Please post their finished posters and tag us on social media.

@EasterAtHome @hopetownkidsmin

We love their creativity! Display their art project in a special place in your home.
